Naos L8 ELC	See power supply	400	Yes

Operation, shared data and notes:

The emergency luminaires equipped with LiFePO₄ battery technology include a pulse-load microprocessing system that enables an important reduction of energy consumption.

TCA Maintained models have an Eco-maintained function.

(1) Maintained models have a separate connection to the mains that enables turning the luminaire on/off at will. Features plug & play and anchoring system.

Built to the EN 60598-2-22 (IEC 60598-2-22) standard. Protection rating: **IP43 IK04**.
