

## Disco

Jordi Miralbell, Mariona Raventós. 1995  
Wall lamp

  
SANTA & COLE

Reminiscent of the stars during an eclipse, the light reflected on the wall creates a pleasant halo. The Disco Wall lamp consists of a metal disc that hides a LED light source, diffusing the light around the opaque circle.

Jordi Miralbell and Mariona Raventós were a pair of design artisans, who created beautiful pieces of lighting and furniture. For over 15 years, they shared with us the adventure of Santa & Cole, as authors, editors and partners. Mariona brought the expression of materials, textures and colours, while Jordi created the volumes, proportions, structures and mechanical functions of what they designed together.

### General description:

Satin nickel structure and lampshade.  
Suitable for Outlet Box (UL market).

### Approximate weight (unpacked):

(A) Disco M: 1 kg / 2.2 lb  
(B) Disco L: 1,5 kg / 3.3 lb

### Technical information:

Includes dimmable light source (CE market):

LED bulb: 8.3 W / 343 lm / 2700K (CE) - 3000K (UL)  
GU 10 / Max. hgt. 54 mm / 2.1" / Max. power 8.3 W  
Maximum bulb diameter: 50 mm / 1.97"

Suitable for phase-cut dimming. Does not include external phase-cut dimmer.  
Suitable only for indoor use.  
Always use this light source.

Input voltage: 220-240 Vac. (CE) / 120 Vac. (UL)  
(50 Hz / 60 Hz). According to destination.
