

ARA FLOOR

Ilaria Marelli

Floor lamp, with fluorescent, LED and halogen sources depending on the version. It is composed by two elements in extruded aluminium: depending on versions, body is painted in white, anthracite, champagne and moka, while the main body can be brushed or painted white or anthracite. The LED or halogen uplight source is integrated in the body and it creates a widespread light, while a fluorescent or LED source is integrated in the main body for a widespread and adjustable light. Double switch dimmer on the cable.

HALO+FLUO
