

DOMINO

Design VillaTosca

Un esagono irregolare e un cerchio di luce al suo interno. Questa è la matrice di infinite combinazioni possibili. DOMINO è un nuovo concetto di plafoniera. Un sistema che invita a comporre e accostare le diverse tessere di un mosaico di luce sempre diverso. Come nell'antico gioco cinese del tangram o in un frattale della natura, la logica delle composizioni è aperta e creativa.

Realizzati in metallo con finitura Bianco Fine Textured (FT) e anelli cromati.

Nuovi colori disponibili a pagina 52

An irregular hexagon and a light circle in its inside. This is the origin of possible endless combinations. DOMINO is a new concept of ceiling lamp. A system that invites to combine different tiles of an always new light mosaic. As in the Chinese game of tangram or in a nature fractal, the logic of the compositions is open and creative.

Made of metal with Fine Textured (FT) White finish and chromed rings.

New colours available on page 52.

不規則な六角形の中心に光の輪。これは無限の組合せが可能なマトリックス(基盤)です。『ドミノ』は天井の新しい概念です。光のモザイクは無限の組み合わせにより様々な違った空間へあなたを誘います。

それはタングラム(古代中国のパズル)や自然界のフラクタルの様にあなたの開かれたアイデアの前で無限に広がっていくでしょう。素材はメタル製で仕上げは複数のファインテクスチャー(FT)と箔仕上げ、光源部のリングはクロムメッキと複数のファインテクスチャー(FT)です。
