

FLOOR LAMPS

FLOOR LAMPS

The biologically effective lamps from LUCTRA® are now also available as versatile floor lamps. LUCTRA® FLOOR and FLOOR TWIN give top quality light wherever you place them.

The LUCTRA® floor lamps can be used in many different places, regardless of the type of room. Whenever you sit down to relax in your reading corner, on the sofa or in front of the fireplace – or to work hard at your desk, this lamp will give you not only good, but healthy light. The biologically effective light produced by the FLOOR lamps replicate the quality of daylight, which in turn enhances your well-being. It can also be adjusted to the personal needs of every user.

EASY TO HANDLE

LUCTRA® models come with the latest LED technology and offer light of excellent quality. The colour and intensity of the light is easy and intuitive to set. Simply tap the touch panel to adjust the light to your personal needs.

Control via the app is particularly convenient, allowing you to create the optimal 24-hour lighting curve, automating the light to change throughout the day without you having to think about it.

FEATURES

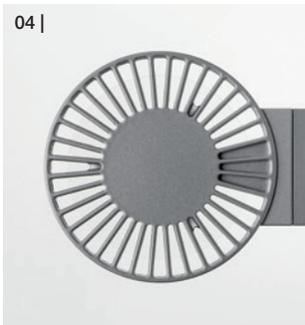

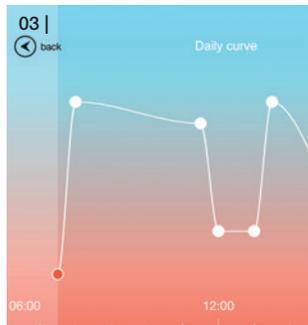

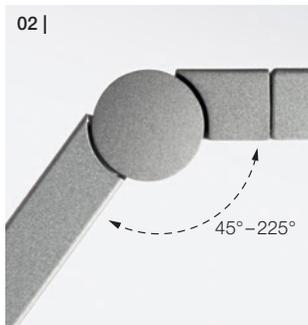

The FLOOR lamps are available with either a round (RADIAL) or an angular lamp head (LINEAR) and come in a range of colours - black, white and aluminium. The twin lamp model LUCTRA® FLOOR TWIN is ideal for office use. The two adjustable lamp heads deliver optimal lighting for multiple work stations.

- 01 | Colour temperature adjustable from 2,700 to 6,500 Kelvin, boost function for short-term maximum activation, USB charging feature for smartphones and tablets
- 02 | Self-locking joints
- 03 | Adjustment of colour temperature to personal daily rhythm with VITACORE® app
- 04 | Perfect temperature management for a long service life of well over 50,000 hours for LEDs
- 05 | Two warm-white and two cold-white CREE high-power LEDs, high light illuminance of 1,000 lux at a height of 110 cm above the table surface, narrow tolerance binnings for high colour fidelity, high colour rendition with CRI \geq 80

FOCUS ON PEOPLE

All human beings have their own circadian rhythms controlled primarily by natural daylight.

With state-of-the-art LED technology and control, LUCTRA® is able to simulate the natural course of daylight and therefore ensure a well-balanced day-and-night rhythm.

ABOUT LUCTRA®

LUCTRA® has set out to provide the best possible light for working: innovative, inspiring, reliable, sustainable. Light which not only illuminates, but also makes its users more contented, less tired and perhaps even a little more successful. This works because it gives the right impulses for every situation, perfectly in line with the user's taste.

The biological effect of LUCTRA® light was proven in a clinical study.

All LUCTRA® lamps are developed and assembled manually in Germany.

See www.luctra.eu for further details about our project support, other products and our team.
