RIME PENDANT LAMP

"We wanted to create a simple lamp through a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for the gentle lines of the pendant while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for the light to shine slightly through with a refined touch.

A REFINED INTERPRETATION OF THE GLASS PENDANT LAMP

The Rime Pendant Lamp brings a contemporary perspective to the traditional glass pendant through its semi-transparent glass that has been etched for a refined surface expression, allowing for its light source to be gently traced when looking at the design.

The design has a characterful shape that allows for it to blend into any atmosphere yet with a subtle, modern touch, complemented by its powder-coated top part, pendant tube and cord in matching color. Through the opacity of its glass, the Rime Pendant Lamp shines an ambient, three-dimensional light into the room.

Available in four colors across four sizes, the design can be used on its own or in linear formations as well as modern, playful clusters.

TAF STUDIO ON THE DESIGN:

"Designing simple things is often one of the hardest things to do. We wanted to create a simple lamp with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for the gentle lines of the pendant while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for the light to shine slightly through with a refined touch. The Rime Pendant Lamp brings a timeless yet modern perspective to the archetypal light through its translucent shade and graphic form."

ABOUT TAF STUDIO

TAF Studio is a Stockholm based design and architecture studio founded by Gabriella Gustafson and Mattias Ståhlbom. Since its foundation in 2002, it has achieved international acclaim with a portfolio of work spanning touring exhibitions, interior design and a number of commercially successful products for different prestigious manufacturers.
