CORD DIMMER T2 LED

- Cord dimmer with turn-off function and integrated micro switch
- Electronic transistor controlled dimmer without inductor
- Operates utterly quiet
- Flicker free dim of LED lamps in all brightness ranges due to min. and max. tuning possibilities
- No standby consumption because of a real on/off switch
- Active current limiting and reversible safety temperature switch
- Free positioning because of symmetric geometry
- Suitable for connection of textile cable

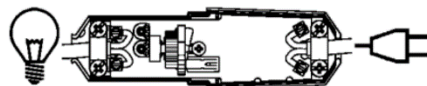

Technical data

Suitable for:	dimnable LED lamps, incandescent and 230 V- halogen lamps
Operating principle:	leading edge
Rated voltage:	230 V~ (+/- 10%), 50 Hz
Connected load:	5 - 100 W/VA LED 3 - 35 W
Function:	ON/OFF/DIM via rotary switch μ
Temperature protection:	thermal protection
Overload/short-circuit protection:	electronic
Colour:	black
Max. cord diameter:	8 mm
Dimensions:	\varnothing 33 x 110 mm (diameter x L)

Technical symbols

Other informations

Take care of proper wire connection during mounting
