

Installation instructions

NOTE: Please make sure the power supply is turned off before installing the lamp.

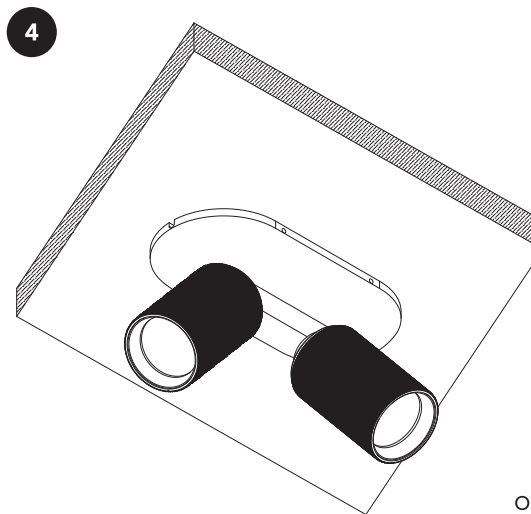

- A:** Hold the mounting plate to the desired location, and mark the drilling points for the screws.
- B:** Drill into the marked drilling points. Use a Ø5mm drill bit.
- C:** Fix the raw plugs so its flush against the surface.

- D:** Place the mounting plate into the correct position and pullout the mains power cable.
- E:** Screw the mounting plate securely into position.
- F:** Connect the cables from both the lamp and the mains power into the terminal as illustrated above.

- G:** Screw the lamp to the mounting plate as illustrated above.

- H:** Installation is complete

General use

- The product is designed for indoor use only.
- The lamp gets hot after prolonged use, therefore, do not cover the product.

Cleaning instructions

- Wipe surface of lamp shade with a soft cloth
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, household glass cleaner or cellulose thinners.

Safety precautions

- The appliance should be installed, connected and tested by qualified electrician and in accordance with local regulations.
- Turn off the power supply before installation or maintenance of the lamp, and make sure that the cables are not squeezed or damaged by sharp edges during installation.
- The lamp should not be covered by insulation blankets or similar materials.

International warranty

Your product has gone through rigorous testing in order to live up to the highest quality standards. It therefore carries a 7-year warranty from the date of the original retail purchase receipt, covering defects in materials and workmanship when used normally in accordance with the published LIGHT-POINT guidelines.

These guidelines include but are not limited to information contained in technical specifications, safety instructions and quick start guides. LIGHT-POINT is not responsible for damage arising from failure to follow instructions relating to the use of the product.

RAW Collection

Raw is an attitude of refined simplicity and technical precision that has become synonymous of LIGHT-POINT's design style.

The Raw spot lamps feature LIGHT-POINT's newest signature, cross-knurled pattern that is machined into solid aluminum, giving it a contemporary, yet elegant aesthetic at the same time.

RAW SPOT 2

User Instructions

The diamond facets in the knurling textured have been softened to enrich the depth of the anodized colours.
